Why St Louis Homes on Sea?

St Louis Homes on Sea is a registered NDIS provider specialising in younger onset dementia support.

We embrace the Person-Centred Active Supports approach, ensuring everyone, regardless of age, mental or physical ability is able to use their skills, be creative and find their own solutions.

We take a patient step-by-step approach that encourages engagement and promotes self-esteem. We ensure respite clients immediately feel a part of the community by encouraging purposeful and social involvement tailored to their capabilities, interests, and skills.

Respite clients staying at St Louis on Sea can enjoy one of only eight luxuriously appointed spacious furnished bedrooms, all with their own ensuites. They also have full access to three shared living rooms, a large open kitchen, and a wonderful garden to enjoy the sea air and potter in.

What is Respite?

We understand that caring for a loved one with younger onset dementia can be emotionally and physically exhausting. Respite care can help relieve stress while providing a safe, supportive environment. Respite includes 24 hour daily living support, meals and accommodation, providing all the comforts of home. St Louis Homes on Sea also offers a great option for people transitioning from a hospital stay back into their own home.

Payment Options

St Louis Homes charges short term accommodation (respite) fees in accordance with NDIS Pricing Arrangements and Price Limits.

Respite can be funded (subject to eligibility) through your NDIS Plan, your Home Care Package, or privately. Respite is offered for a minimum of 7 nights.
